"President L. E. Pinkham of the Board of Health has already started to create trouble in the settlement and as a result the brass band there will not play for Wallach," said Chas. K. Notley this morning. "I received a letter from my brother William, stating that Pinkham had written to Superintendent McVeigh outlining the plan which he intends to carry out when he comes there with Wallach. William says further that Pinkham did not want the brass band to turn out and play for Wallach."

"The two brass bands are held in readiness to play when the steamer arrives there but by order of President Pinkham, they will not play."

"Pinkham, accompanied by Wallach, will sail for the settlement next week. Upon their arrival there they will be conveyed first to the Baldwin Home, the Bishop Hall and lastly to the Bay View Home."

"The patients to be brought here for settlement will be selected from these three homes and none from other places."

"This is what I was always afraid of," said Notley. "I knew from the start that Pinkham would do such a dirty thing like this. According to my brother's letter, it is apparent that Wallach can not have a free hand in the selection of lepers."

"Does Pinkham mean to say that those who are not living in these three homes would not be given the opportunity of being selected by Wallach and the committee? It is too bad that none of the Committee of Ten are going to the settlement."

"Pinkham is evidently showing his anger at me by blocking Wallach from selecting patients from the leper settlement, other than the inmates of these three homes."

"Pinkham is a dangerous man and is not fit to be at the head of the Board of Health."

The above statement was shown to Pinkham this morning, and he at once confirmed Notley's tale that Wallach would not be received with music.

"There'll be no band playing for Wallach. He'll get just what was promised him and no more."

"Notley is just playing politics. He doesn't care anything about leprosy."

Pinkham added that he expected to take Wallach over to the Settlement a week from today.

**EXCESSIVE DRINKING.**

Excessive or continued use of alcoholic beverages always results in a diseased condition of the nervous system.

The drinking man is often heard to say, "I can stop of my own free will and when I wish," but the poor fellow is now devoid of the power to act at the proper time and in the right way. It is too late, the craving has secured a firm hold and because of the diseased nervous system he has not the ability for sustained effort. The result we all know.

Drunkenness is no longer considered a crime; eminent scientists and physicians have agreed that it is a disease and must be treated as such.

The home treatment that has been used for a number of years, and is highly successful, is **Orrine**. It is sold under a positive guarantee that if it does not effect a cure your money will be refunded.

Orrine is in two forms. When desiring to give secretly, purchase Orrine No. 1, and if the patient will voluntarily take the treatment, Orrine No. 2 should be given. The guarantee is the same in either case. Orrine costs but \$1.00 per box. Mailed in sealed wrapper on receipt of price. Write for free treatise on "Drunkenness" mailed in sealed envelope by The Orrine Co., Washington, D. C. Sold by leading druggists everywhere and in this city by Honolulu Drug Co., Ltd.

**HAWAIIAN BOYS DID NOT IGNORE INSULT**

SAN FRANCISCO, Jan. 2.---George Porter, a private in the One Hundred and Sixtieth Company of coast artillery, passed a slur on the color of five kanakas who were standing outside a saloon at the corner of Jackson and Drumm streets. The brown men from the Sandwich Islands attacked the soldier, knocked him down and jumped on him, breaking the shin bone of his right leg. Porter was under the influence of liquor and in his fight with the kanakas received no assistance from bystanders, who gathered in increasing numbers as the battle progressed.

**TRANSPORT SHERMAN BRINGS SOLDIERS****Famous 14th Infantry On Way To Manila**

The United States Army transport Sherman arrived in this port this morning and was docked at 6.25 o'clock. She carried a notable number of people, chief among whom were the soldiers of the famous 14th Infantry, who made the name of their regiment a by-word for bravery not only in the late Boxer uprising in China, but also away back in '98, when they were pitted against the fierce Filipinos in their earliest fights.

This is their third tour of duty away from the States and in all the years since they have been formed, the personnel of the company has been but little changed. There are, with but very little exception, the same men in the old company as there were in the old days of the war with Spain and the Philippines. In this command there are now 859 enlisted men and 35 officers.

Calvin P. Titus, who was the first man to scale the walls and carry the Stars and Stripes into the enemy's territory in the Boxer uprising of a few years ago, and who on this account, was given an appointment by President McKinley on an application for a commission in the regular army, is on the Sherman bound for Manila, where he will go on his first tour as an officer. It was only a short time ago that he successfully passed the examinations, and has now received his commission as a second lieutenant in the 14th Infantry. Titus has had years of practical experience on the field and in the drill-shed as a soldier, and it is thought probable by military authorities who are on the Sherman that he will quickly forge to the front.

Captain Chilton is a recent graduate of West Point who is on his way to Manila to join the 20th Infantry. Chilton passed the severe army examinations with an almost perfect score. Mr. Caldwell will join the Engineer Corps in Manila, and will do a tour of two years there as an engineer.

The Sherman encountered heavy weather on her whole trip from the Coast to Honolulu. She ran into a southeast gale on her second day out that delayed her passage 20 hours. She passed the Hiloan and the Buford the same day, and the following another boat, too far away to be recognized, but which was thought to be the Alameda, was sighted.

On the Sherman there is a general request that between two and four passengers will refrain from loud talking in front of staterooms. The cheerful observance of the request, on the voyage down from San Francisco, added greatly to the comfort of those who desired to sleep in their staterooms.

The big transport carried 50 tons of general cargo for Honolulu and while here will load 1000 tons of coal. She carried two passengers for Honolulu.

The Sherman will sail tomorrow evening at 6 o'clock, but on account of possible quarantine restrictions, all passengers going on her will have to be on the boat at 4 o'clock p. m.

Ellnor Glyn, the English writer, whose book, "Three Weeks," was the cause of her being snubbed by the Pilgrim Mothers in New York, calls the mothers, in an interview, "an aggregation of dowds, frumps and tabby cats—a lot of breastless, slab-hipped, pancake-footed frights of things."

**ROYAL BISHOP FROM PORTUGAL ARRIVES****Bishop da Silva Will Remain In Honolulu Six Weeks**

Bishop da Silva, who has come all the way from Lisbon, Portugal, to visit his countrymen, arrived here this morning on the Manchuria. He was met at the Hackfeld wharf by Bishop Albert, with whom he will stay while here, and the greater part of the Portuguese population of Honolulu. Bishop Silva will remain here as the guest of Bishop Albert for six weeks, during which time he will investigate condition among the people from sunny Portugal, and do all in his power to elevate them. The Portuguese Consul, Count Canavarro, was also at the dock this morning to greet the Bishop. "I have been visiting all over the United States," said the royal Bishop this morning, "preaching, advising, and administering the sacrament to my countrymen, for I feel that a visit from a man from their own land will bring many men back to their religious faith, who otherwise would not be numbered among the faithful. I have been in that beautiful place, California, since last April, and now that I have come away, I can look back with a great deal of satisfaction at the work that was accomplished."

Bishop da Silva belongs to the royal family of Portugal, but he is truly democratic in manner, and has made a host of friends in Honolulu already.

**VISITORS RETURN**

E. S. Aldrich and wife of Warsaw, Idaho, were passengers in the Manchuria this morning. Mr. and Mrs. Aldrich spent the winter in the Islands two years ago and are now back again for two months. "I have taken the Bulletin regularly," said Mr. Aldrich this morning, "and thus kept in touch with things in Hawaii. We like the place."

Mr. and Mrs. M. A. Moore of Lamar, Iowa, were also passengers in the same ship and intend to spend another winter here. They are accompanied by their daughter and niece.

Angered by not receiving one hundred and fifty dollars for wood-cutting, a Japanese drew a knife and made a desperate assault on E. C. Smith, a well-known agriculturalist of Molokai. This trouble happened at Kaunakakai, Molokai, last Wednesday.

One version of the affair is that the Japanese attack Smith, stabbing him in the leg. Another version is that Smith struck the Japanese, who pulled his knife and drew it fiercely down his employer's head and neck. Smith then knocked him down with his fist, when the Japanese plunged his knife into his leg.

It is said that Smith gave the Japanese a thrashing with his fists. Smith is being treated by Dr. Hayes of Pukoo.

An honorary set of pallbearers also accompanied the remains of the late Mrs. Halekaka Hart, whose funeral took place last Sunday afternoon under the auspices of the Kalamia Branch of the Kaulikean Association, taken from amongst her relatives and friends. They were Henry Smith, Hon. S. Maholona, L. Keawe-pooole, S. K. Kaha, Rev. H. F. Poo-poe, Chas. Winchester, Isaac Ihiki and F. J. Testa.
